The Questar Gas® Budget Plan

“The Questar Gas® Budget Plan divides your annual gas costs into 12 monthly payments. No billing surprises. No guesswork.”

In today's unpredictable economy, we could all use a bit of normalcy. And that's what our Budget Plan does for your monthly budget.

At Questar Gas, we're pretty proud of the fact that our rates are consistently among the lowest in the nation. But many factors — the weather, to name one — can affect the price of the natural gas we purchase and deliver to you. Hence, the most meticulously planned household budgets can be disrupted. So, here's the deal — call 1-800-323-5517 and a very pleasant person at our customer service office will help bring some predictability to your life.

“Two really swell charts to prove the point.”

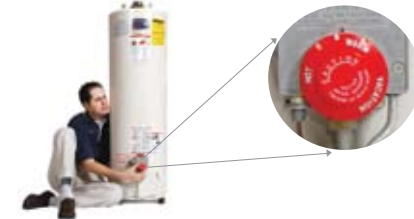

Oh man, the hills and valleys in that top chart are tough to take, especially at holiday-shopping time. And because energy experts forecast natural gas prices will remain volatile, the bottom chart looks awfully attractive to those of us who appreciate fiscal sanity.

“If you conserve, you can save — as I like to say, a lot.”

Twice a year, we check to make sure you're not paying for gas you haven't used. If your usage is higher or lower than expected, or if natural gas prices change significantly, your payment will be adjusted. Pretty nifty, eh?

“Automatic payments? Oh yeah!”

Our free Auto Pay option allows you to have your Budget Plan amount automatically withdrawn from your checking or savings account. You can even sign up for auto withdrawal without participating in our Budget Plan. Are we flexible or what?

“I have an idea — sign up now.”

It's really quite easy, and only takes a few moments for us to calculate your monthly Budget Plan payment amount and enroll you in the plan. Once again, that number is 1-800-323-5517. Call between 7 A.M. and 7 P.M. Or visit us 24/7 online at www.questargas.com.
